Emerging Markets Real Estate Information

REIDIN
com

Who we are?

REIDIN.com is the leading real estate information company focusing on emerging markets.

REIDIN.com offers intelligent and user-friendly online information solutions helping professionals access relevant data and information in a timely and cost effective basis.

REIDIN.com "Data & Research Team" together with a global network of Information Partners endeavors to provide high-end Real Estate data, analysis and research support.

Emerging Markets Real Estate Information

What we do?

REIDIN.com helps professionals and individuals easily access the real estate information they need to make more informed investment, purchase, sales, rent, mortgage, finance, development and management decisions.

- Uncover property price and sales trends
- Better understand your neighbourhood
- Search a vast property database
- Acquire local intelligence
- Compare Price samples from Transactions, Listings and Survey Price Comparables
- Access Property Listings from Multiple Sources
- Benefit from property intelligence to make sound decisions
- Protect your investment with access to precise information

How we do it?

REIDIN.com collects data and information from various different sources: Real Estate Agents, Municipalities, Government Institutions, Newspapers, Newswires, Magazines, Research Houses, Financial Institutions, Legal Firms, Consultants, etc.

Then REIDIN.com content and data management teams with the help of our in-house data systems process and structure this information into intelligence.

ProjectPriceCHECK

Analyze developer selling prices of over 1500 projects from all over Turkey with historical data.

SupplyCHECK

Analyse existing and future supply data based on time and location.

ValueCHECK

Analyze value of your property. Get residential sales & rent values with the most recent data.

LocationCHECK

Analyze your neighbourhood. Rental affordability index? Sales prices? Yields? Projects? Education level? Population?

Property Profiles

Access detailed building information. Rental & sales price comparables, vacancy rates, maintenance fees and hundreds of other attributes.

Transactions

Access a vast Database which contains the latest property sales transactions with location, property type, size, price details.

Market Trends

Analyze property market trends in detail with reidin indices. Compare them with other timeseries data.

Listings

Analyze sales & rental listings from multiple real estate brokers, agents and sources.

“ We find REIDIN a great tool to prepare CMA (Comparative Market Analysis) for both the Buyers and the Sellers. This has not only empowered our Agents with market value of homes and other statistical data, but also makes them look "professional" in comparison to other agents in Dubai. ”

Iqbal Hasnani - Operations Manager - Provident Real Estate

“ Before REIDIN there was no way to judge the sales market in Dubai and see for a collection of data from the master source, thanks to REIDIN I have statistics to back up my valuations. ”

Laura Adams - Carlton Real Estate

“ REIDIN aids me in my analysis of the underlying sector for the real estate and construction stocks I cover. The data is overall easy to gather and play with online. ”

Jad Abbas Associate | Equity Research EFG Hermes Emirates

“ REIDIN has all the latest information in one place which makes it easier for us to find out what we need for a quick update. ”

Robert Richards - Operations Manager - Elysian Real Estate
